ATLANTA MOTOR SPEEDWAY

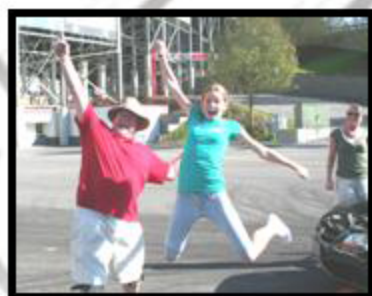

**New Driver Training in Vehicle Control
and Extreme Defensive Driving
(This covers what "driver's ed" DOES NOT!)**

Accident Avoidance Workshops

What are the "Accident Avoidance Workshops"?:

This 7-hour, hands-on, one-of-a-kind, parent-ride-along program gives your student experience with vehicle control and *their own* car's capabilities, so when they are inevitably faced with an emergency situation, they will have **ALREADY PRACTICED** how to handle it.

Is this "driver's ed"?: No. Unlike "regular" driving conditions, we simulate EMERGENCY situations so your student experiences first-hand *just how fast* accidents happen and how they have to respond to escape them!

"This program knocked my kid down a few pegs ... and trust me ... HE NEEDED it!" - Pat Fulbright (Parent)

"This class was the highlight of my summer."

-Alexis DiNatale (Student)

"THIS is the stuff they don't teach you in driver's ed."

-Barry Costello (Parent)

"It's almost embarrassing that this is not required!"

-Patti Cain (Student)

Who can enroll?: Any driver with a permit or license, and basic vehicle control.

At least one parent must attend the classroom and the driving portion with their students.

The cost?: Although this program is usually \$249 per parent/student team,

Atlanta Motor Speedway's contribution makes it possible to offer it for \$195!

To Register: (Class size is limited to 40 and is first-come, first serve.)
